

HR DOCUMENTATION WORKFLOW: PERSONNEL ENDORSEMENT & PAYROLL PREPARATION

SOP ID: ENR-HRWF01

Version: 1.0

Effective Date: April 10, 2026

SCOPE: HR Department, Clinical Operations Lead, & Potential Direct Hires

Primary Stakeholder: Clinical Operations Lead (COL)

Secondary Stakeholder: HR Manager / Payroll Department

OVERVIEW

This workflow defines the standardized process for the Clinical Operations Lead to endorse new personnel and provide verified time-tracking data (DTR) to HR for payroll processing of direct hires at **Enrich Advanced Eye Care**.

PHASE I: EMPLOYEE ENDORSEMENT PROTOCOL

When a new direct hire is onboarded or a contract is modified, the Clinical Operations Lead must initiate the formal endorsement.

1. **Selection & Verification:** The COL confirms the candidate meets the clinical standards and operational requirements.
2. **Agreement Execution:** The COL ensures the *Payroll Amendment Agreement* (including schedule and bank details) is signed by the personnel.
3. **Formal Endorsement Memo:** The COL sends a formal endorsement email/message to the HR Manager containing:
 - Full Legal Name and Professional Title (if applicable).
 - Finalized Work Schedule.
 - The signed Agreement as an attachment.
 - The effective start date for payroll tracking.

PHASE II: THE "DTR TO PAYROLL" CYCLE (JIBBLE EXPORT)

As the Clinical Operations Lead holds accountability for clinical oversight, you are the **Sole Validator** of hours worked before they reach HR.

Step	Action	Responsibility	Tool
1. Review	Weekly/Bi-monthly review of live Jibble logs for "Look Twice, Click Once" accuracy.	COL	Jibble
2. Export	Export the Detailed Time Report (DTR) in CSV or PDF format.	COL	Jibble
3. Validation	Compare exported hours against the agreed schedule to identify overtime or unauthorized absences.	COL	Excel/Sheets
4. Endorsement	Send the validated DTR to HR with the subject line: <i>[EAEC] DTR Endorsement - [Date Range]</i> .	COL	Email/Trello
5. Processing	HR calculates the USD per hour pay based on the COL-validated report.	HR Manager	Payroll System

4. ISO COMPLIANCE & DATA SOVEREIGNTY RULES

To remain "Audit Ready," both departments must adhere to the following:

- **Data Integrity:** HR is prohibited from altering the DTR hours once endorsed by the Clinical Operations Lead. Any discrepancies found by HR must be sent back to the COL for re-validation.
- **Audit Trail:** All DTR exports must be archived in a "Payroll Master Folder" (secured with limited access) to serve as evidence during external ISO audits.
- **USD Conversion Rate:** The conversion or billable rate for direct hires must be documented in the HR master file, while the COL ensures the *quantity* of hours reflects actual clinical output.

5. EXCEPTIONS & DISCREPANCIES

If an employee fails to clock in/out via Jibble:

1. The employee must submit a **Manual Time Adjustment Request** to the COL.
2. The COL approves/denies based on clinical activity logs.
3. The COL includes a note in the DTR export to HR explaining the manual adjustment to maintain a transparent audit trail.
