

Standard Operating Procedures: Enrich Employees Code of Conduct

Version: 1.0

Effective Date: April 10, 2026

Review Date: March 17, 2026

Scope: Clinical Operations & Administrative Staff

Purpose and Objective

The purpose of this SOP is to establish a unified ethical and professional framework for all Virtual Assistants. By defining clear expectations for communication, data security, and operational efficiency, this procedure ensures that the Company maintains its high-touch patient care philosophy while remaining compliant with **HIPAA**, **ISO 9001:2015**, and **OSHA** standards.

Professionalism and Communication Protocols

- **"Phone-First" Mandate:** HVAs shall prioritize outbound and inbound telephone calls over digital messaging to resolve clinical gaps and physician needs in real-time.
- **Clinical Boundaries:** Under no circumstances shall an HVA provide medical advice or interpret clinical results. Any patient reporting ocular discomfort or symptoms must be immediately directed to their primary physician or eye care specialist.
- **Adaptive Dialogue:** While utilizing the "Opening" and "Refill Request" scripts, HVAs must maintain a professional yet empathetic tone, adapting to the patient's specific needs while ensuring 100% data accuracy.

Data Integrity and Security (HIPAA Compliance)

- **The Big Four Audit:** For every record retrieval or intake, the HVA must verify the patient's Full Name and Date of Birth (DOB). No PHI shall be discussed or edited without this two-factor verification.
- **Technical & Physical Safeguards:** HVAs are required to work in a private, secure environment. Computer screens containing patient charts or the **Trello** board must be shielded from unauthorized view.
- **PHI Transmission:** All physician outreach involving patient data must be conducted via encrypted channels as per ISO and HIPAA mandates.

Operational Maintenance and Reporting

- **Administrative Accuracy:** All work hours and specific task descriptions must be logged daily in **Clockify** or **Routific**. Weekly audits will be conducted by the **Clinical Operations Lead**.
- **System Integrity (Trello):** HVAs are responsible for the "Life Cycle" of a patient card. Cards must be moved to the "No Recent Orders" column when inactive; deletion of records is strictly prohibited to maintain an audit trail.
- **SLA Benchmarks:**
 - **Patient Leads:** Triage and response within 4 hours.
 - **Physician Partnerships:** Triage and response within 2 hours.

DISCLAIMER: This electronic information and all contents contain information from ENRICH ADVANCED EYE CARE which may be privileged, confidential, or otherwise protected from disclosure. The information is intended to be for the addressee only. If you are not the addressee, any disclosure, copying, distribution, or use of the contents of this message is prohibited. If you have received this electronic message in error, please notify the sender immediately and destroy the original message and all copies.

5. Chain of Command and Quality Control

- **Hierarchy of Resolution:** Standard operational issues must be resolved within the designated "Pillar." HVAs report directly to the **Clinical Operations Lead** for all system-related and administrative oversight.
- **Formal Escalation:** Issues that remain unresolved at Level 1 (**Coordinator**) or Level 2 (Logistics & Support Staff Lead) must be funneled to Level 3 (Clinical Operations Lead) only if they impact patient safety or high-priority physician partnerships.
- **Quality Metrics:** Any deviation from this or other SOPs must be documented in a "Deviation Log" and reported to the Clinical Operations Lead within 24 hours to facilitate continuous improvement under **ISO 9001:2015**.

Documentation Requirements

- **Signed Acknowledgment:** Every HVA must have a signed copy of the "HVA Code of Conduct" on file prior to their first billable shift.
- **Technical Audit:** Monthly verification of the HVA's technical infrastructure (internet speed and hardware functionality) to ensure service continuity.

EXECUTION AND ACKNOWLEDGMENT

By signing below, the Healthcare Virtual Assistant (HVA) acknowledges and agrees to the following:

1. **Understanding of Standards:** I have read, understood, and agree to comply with the **ENRICH ADVANCED EYE CARE Code of Conduct**. I recognize that these standards are essential to maintaining clinical excellence and patient trust.
2. **Training & Audit Period:** I acknowledge that my first **10 days** of engagement constitute a mandatory training and evaluation period. My ability to "own the role," adapt to the "Phone-First" communication protocol, and accurately manage clinical data in **Routific Beta** will be subject to a formal audit.
3. **HIPAA & Privacy Compliance:** I affirm my commitment to strict **HIPAA Standards**. I understand that any unauthorized disclosure of Protected Health Information (PHI) or failure to follow secure data entry protocols is a material breach of this agreement.
4. **Operational Accountability:** I agree to adhere to the 8-hour daily shift (5 days per week) and understand that my performance will be measured by the accuracy of my patient intake, the professional quality of my physician outreach, and my adherence to the **Serum & PRP Guide**.
5. **Company Policy:** I acknowledge that my professional conduct and operational workflows rely solely on the policies established by **ENRICH ADVANCED EYE CARE**.
6. **At-Will Training Clause:** I understand that during the initial 30-day grace period, the Company reserves the right to terminate the service agreement immediately if my performance does not meet the specialized requirements of the Scheduling Coordinator and Physician Outreach roles.
