

Standard Operating Procedure: Jibble Desktop Installation and Monitoring Compliance

Version: 1.2

Effective Date: April 10, 2026

Review Date: April 08, 2026

Purpose

To ensure the highest level of operational integrity and data accuracy, this protocol mandates the use of the **Jibble Desktop Application** over web-based tracking. This setup enables advanced monitoring features, including screen capturing, to verify active work sessions and adherence to company protocols.

Scope

This procedure is mandatory for all staff members during active working hours. Utilizing the web browser for time tracking is strictly prohibited to ensure the system operates in its most robust version and serves its purpose in promoting organizational integrity.

Desktop Application Installation

1. **Download:** Navigate to the official Jibble download page and select the version compatible with your operating system (Windows or macOS).
2. **Execution:** Run the installer and follow the on-screen prompts to complete the installation.
3. **Login:** Sign in to the desktop app using the company credentials established in Step 3.1.
4. **Version Check:** Ensure the application is updated to the latest version to maintain system stability.

Enabling Critical Privacy & Security Settings

Staff must manually enable tracking permissions within their local system settings to ensure full functionality:

- **Screen Recording Access:**
 - **macOS:** Go to *System Settings > Privacy & Security > Screen Recording* and toggle **Jibble** to "On".
 - **Windows:** Ensure the Jibble app has administrative permissions to capture active window titles and screenshots.

If you have received this electronic message in error, please notify the sender immediately and destroy the original message and all copies.

- **Privacy Settings within Jibble:**

- Open the Jibble app settings and ensure "Desktop Monitoring" and "Screen Capture" are active.
- Verify that the app is set to "Launch on Startup" to prevent missed clock-ins.

Account Setup: Joining the Organization

To ensure you are properly linked to the company payroll and monitoring system, follow these steps to join the existing organization:

1. **Receive Invitation:** Ensure your manager has invited you via your official company-provided email address or phone number.
2. **Sign Up/Log In:** Click on the invitation link provided in the email or navigate to the Jibble website and select "**Sign up today**".
3. **Create Account:** Use the **exact same email or phone number** that received the invitation to register your full name and secure password.
4. **Accept Invitation:** Once logged into your new account page, click the "**Accept**" button to officially join the organization.
5. **Set Up Facial Recognition:** If prompted by the system, you must take a baseline photo to enable facial recognition features for secure clock-ins.

Operational Protocol & Adherence

Mandated Use of Desktop App

- Staff are strictly prohibited from using the web browser version of Jibble for daily time tracking.
- The desktop app must remain open and active for the duration of the shift to ensure continuous data synchronization.

Screen Capture & Integrity Monitoring

- The system will perform periodic, randomized screen captures during active timers to verify focus on authorized tasks.
- Staff must ensure that no unauthorized personal windows are visible during working hours to maintain professional standards.

Compliance & Payroll Integration

Payroll Basis

- The Jibble time tracker serves as the primary payroll system basis for the organization.
- Staff must take note that their billable hourly rate and total compensation will depend entirely on the logs generated by the Jibble time tracker.

Disciplinary Action Process (Step-by-Step)

Failure to comply with the Jibble mandated implementation will follow a structured disciplinary path coordinated through the **Clinical Operations Lead**:

- 1. **Step 1: Informal Coaching/First Warning:** Upon the first instance of non-compliance, the staff member will receive a verbal or written **First Warning** to rectify the setting immediately.
- 2. **Step 2: Issuance of Notice of Explanation (NOE):** If the behavior persists after the first warning, a formal **Notice of Explanation** will be issued. The staff member has 24–48 hours to submit a written response.
- 3. **Step 3: Review by Clinical Operations Lead:** The Clinical Operations Lead will review the NOE to determine if the non-compliance was intentional or due to a technical failure.
- 4. **Step 4: Final Determination & Pay Adjustment:** If the explanation is deemed insufficient, the billable hours for the period in question may be rejected or adjusted.
- 5. **Step 5: Documentation & DocStamp:** The final decision and signed NOE will be marked with the company **DocStamp** and archived in the staff member's permanent digital file for ISO-audit readiness.

Executive Mandate & Remarks

Notice to All Staff: This mandate has been carefully reviewed and is mandated directly by the **CEO and Founder**. It is his firm decision to implement these protocols for every employee to ensure **equality and fairness** across the organization. These measures are designed to ensure uniformity, maintain the highest level of integrity, and encourage every team member to perform at their best. By adhering to these standards, we promote camaraderie and professional excellence as the company continues its strategic expansion.

6. Document Revision History

Date	Revision No.	Description of Change	Author
2026-04-04	1.1	Added Payroll Basis & NOE Clause	Clinical Ops Lead
2026-04-04	1.2	Integrated Disciplinary Process	Clinical Ops Lead
2026-04-04	1.3	Added Company Email Setup	Clinical Ops Lead
2026-04-04	1.4	Integrated "Join Existing Organization" Steps	Clinical Ops Lead

DocStamp Approval: *Verified for ISO-Audit Readiness*
